Sunnyvale, CA · [tishyasriv@gmail.com](mailto:tishyasriv@gmail.com) · +1 (603) 349-0339 · [linkedin.com/in/tishyasriv](https://www.linkedin.com/in/tishyasriv) · [Portfolio](#) · Permanent Resident

### PROFESSIONAL SUMMARY

AI-focused Senior Product Manager with 4+ years shipping AI-powered products at Intuit — from LLM-assisted intake workflows in Payments to AI personalization engines serving 17,000+ enterprise users. Deep domain expertise in payment platform modernization, direct processor integrations (Chase, AMEX), and GenAI-driven developer tooling. Proven track record of \$9M+ projected business impact, 31% engagement lift, and enterprise-scale platform launches. Permanent Resident — no sponsorship required. Targeting Senior AI PM roles in fintech, payments, and enterprise AI. Looking for an environment with chaos to create impact and deliver value to stakeholders.

### EXPERIENCE

#### Intuit Inc.

Feb 2023 – Present

##### Senior Product Manager · Payments Platform — AI & FinTech

- **AI Product Leadership:** Own a portfolio of 3 strategic AI-powered payment platform initiatives — LLM-assisted intake workflows, developer documentation modernization, and direct processor integrations (Chase, AMEX) — projected to unlock
- \$9M+ in annual business impact and eliminate the top operational bottleneck for FinTech engineering teams.
- **GenAI Intake Workflow:** Shipped redesigned
- LLM-assisted intake system with structured PRD templates and AI-powered triage, reducing intake-to-roadmap-decision cycle time and improving prioritization signal quality for the Payments 2.0 modernization program.
- **Processor Integration:** Partnered across engineering, risk, and external acquiring partners to close platform gaps blocking acquiring expansion — improving roadmap readiness for revenue-critical migrations tied to processing revenue and payment reliability SLAs.

##### Senior Product Manager · Enterprise Ecosystem — Tech4Intuit

- **Platform Consolidation:** Led strategy and launch of a mission-critical enterprise platform consolidating 4+ legacy systems into a unified solution serving 17,000 global users, driven by AI-powered personalization and real-time data architecture.
- **AI Personalization:** Drove a 31% lift in platform engagement by integrating AI personalization services optimizing content delivery and user experience in real time.
- **User Outcomes:** Improved user satisfaction by 15% (in-product NPS/CSAT) and reduced support escalations by standardizing AI-assisted workflows for the 17K-user base.
- **Scale:** Owned the scalability roadmap for Intuit Academy serving 140,000+ expert learners powering TurboTax Live and QuickBooks Live operations.

#### Intuit Inc.

Jun 2022 – Sep 2022

##### Product Manager Intern

- Drove new product development for an internal platform, delivering features projected to generate ~\$50M in savings and 30% lift in employee satisfaction across thousands of users.
- Owned the PRD end-to-end — user journey mapping, feature definition, technical requirements, success metrics — and shepherded features from QA through production.

#### MEMRY (Mobile App)

Feb 2022 – Jan 2024

##### Founder & Product Lead

- Built and launched an AI-assisted caregiver engagement app for Alzheimer's patients from zero — end-to-end product lifecycle, including customer discovery, design, and launch — managing a cross-functional team of engineers, designers, and PMs.
- Secured \$13,000 in seed and grant funding after winning Dartmouth's 2022 'The Pitch' competition (1st place against 120 teams). Product informed by real-world user research with caregivers and clinical experts.

### EDUCATION

#### Dartmouth College

Sep 2021 – Jan 2023

##### Master of Engineering Management — Product Management Specialization

Thayer School of Engineering & Tuck School of Business · George C.A. Conrades '90 Distinguished Fellowship · Coursework: Technical Product Management, Data Analytics & Visualization, Negotiation

#### Institute of Chemical Technology, Mumbai

Jun 2017 – May 2021

##### B.Tech, Pharmaceutical Chemistry

GPA: 9.71 / 10 · Rank #3 in the university

### SKILLS

**AI & GenAI:** LLM Product Design, GenAI Workflow Automation, AI Personalization, Prompt Engineering (basics), AI Ethics & Governance, RAG Architecture, Agentic AI Systems

**Payments & FinTech:** Payment Gateway & Processor Integrations (Chase, AMEX), PCI Compliance, Acquiring Expansion, Payment Reliability SLAs, Embedded Finance

**Product:** Platform Strategy, Roadmapping, PRD Authoring, A/B Testing & Experimentation, OKRs & KPI Definition, RICE Prioritization, Agile / Scrum, GTM Strategy, Stakeholder Management

**Tools & Analytics:** SQL, Tableau, Power BI, Amplitude, Figma, Jira, Confluence, Excel, R
